

We are a non-control private equity investor

SCF OVERVIEW

Harvest Partners SCF is a private equity investor targeting non-control senior / structured equity investments.

Our Focus:

- Invest in high quality companies.
- Structure investments to provide a solution to our partners - both other sponsors as well as founders.
- Serve as a value-add partner and support further growth.

For business owners and entrepreneurs that need equity capital, HP SCF can provide flexible equity solutions and all of the resources and expertise of a private equity firm. Unlike traditional private equity, HP SCF allows entrepreneurs to retain control of their business in a structure that allows HP SCF to exit without forcing a future sale of the business.

HP SCF was founded in 2014 by Harvest Partners LP, a successful private equity firm with a long history of making investments in middle-market companies. HP SCF is led by Steve Duke, Sean Murphy, and an experienced team of private equity investment professionals.

OUR CAPITAL BASE

HP SCF is currently investing through our managed funds.
